Dear Mr. Lizen,

Congratulations on your company's selection as a recipient of the **Hunter Engineering Company 2013 Supplier Excellence Award**. You are among eighteen companies who have been selected to receive this award for quality performance during 2013. The criteria for selection included the reject rate of parts shipped as well as the number of lots rejected during 2013. In addition, both Purchasing and Quality personnel reviewed the data and added subjective evaluations of your efforts to support us throughout the year.

It is with sincere appreciation for your efforts during 2013 in the area of Quality and Service that this plaque is being presented to:

M. Lizen Manufacturing Co.

Congratulations to M. Lizen Manufacturing for being awarded the Supplier Excellence Award for a second year in a row. John Merkel provides a level of customer service that is outstanding. This is how all companies should communicate with their customers. They did an excellent job working with our engineers to come to an agreement on the design of the aluminum plates for the Radar Aiming Kit and they did an excellent job expediting delivery of the parts to meet our very aggressive schedule.
